While *Unkulunkulu* remains distant, ancestral veneration forms the cornerstone of Amazulu religious practice. Ancestors are believed to act as intermediaries between the living and the divine. They use various techniques, including divination with bones or interpreting dreams, to diagnose illnesses, predict the future, and guide individuals through life's challenges. The **isangoma** are not merely fortune tellers; they are spiritual healers and advisors, offering guidance based on their connection to the ancestral spirits and the spirit world.
